

# Next-Gen Time Clocks. Easy Time and Attendance. One Seamless Solution

Managing people is hard enough—your tools shouldn't make it harder. Ditch disconnected systems and gain real-time visibility with time clocks and comprehensive workforce management in one unified platform.

Track time, schedule shifts, manage time off, and centralize HR data—seamlessly.

## Next-Gen Time Clocks

Reliable and accurate on every job site to reduce time theft and payroll errors.

## Powerful Time Tracking

Easily handle even the most complex clocking, tracking, and compensation rules.

## Scheduling in Minutes

Create, share, and update schedules in minutes —saving time and money.

## Time Off Made Easy

Time off automation ensures compliance, reduces cost, and reclaims lost hours.

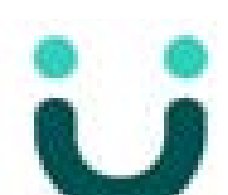

## Trusted by 10,000 U.S. Businesses, Big and Small, and Counting

## Built to Save Time and Money

- ✓ Eliminate costly time theft
- ✓ Control unnecessary overtime hours
- ✓ Track time & attendance anywhere, anytime
- ✓ Meet strict labor laws and contract compliance

Seamless integrations with your existing payroll software

"We have been able to automate the entire time and attendance and payroll process and can now have all time approved and completed in half a day."

Richard Diaz,  
Application Project Manager

# Next Generation Time Clocks That Work in Any Jobsite

## Facial Recognition Time Clock

Our most advanced time clock. Workers simply stand in front of the device, and their identity is verified in less than a second.

- Touch-free clock-ins
- Unmatched accuracy and security
- Seamless verification

## Rugged Fingerprint Time Clocks

Built for tough, high-traffic jobsites, this time clock is designed to perform where others fail.

- Rugged multispectral fingerprint sensor
- Smart card reader
- POE and built-in Wi-Fi

## Touchless Card Time Clocks

Keep your workforce humming with a rugged, contactless RFID smart card time clock built for reliability.

- Fast, touch-free clock-ins
- Hygienic and low-maintenance
- Built tough for any jobsite

“We no longer chase down timesheets or approvals — everything syncs automatically. WorkEasy makes time management effortless.”

— HR Director, Manufacturing Industry

## 1-Stop Workforce Management Software

### **Easy Overtime Management**

Easily and accurately manage, track, and control the potentially complicated and expensive overtime.

### **Accurate Breaks Management**

All types of breaks are easily managed in a centralized system, reducing penalties and ensuring compliance.

### **Job Costing — Simplified**

Precisely track hours across client, project, job, or task, breaking down project hours and costs.

### **Time Tracking — Anywhere**

No matter how remote or what type of work they do, employees can easily clock in on-site, on time, every time.

### **Work Status at a Glance**

Know exactly who's doing what and where in real time, to make better-informed decisions and ensure compliance.

### **Truly an All-in-One Platform**

Easily capture, validate, transform, and export time-tracking procedures, data & processes from one platform.
